SUBJECT INDEX

The issue number is followed by the page number

Calcium Phosphate
Process technology (149) 28

Detergents
Liquid heavy-duty laundry detergents – good or bad for phosphate builders? (147) 37
Curbs on phosphates (151) 22

Fertilizers
Belgium's advantages in fertilizer production and marketing (152) 8
Bulk-In, Bags-Out concept proven for seaborne trade (151) 35
Establishing marketing systems in LDCs (151) 6
Tube conveyors' first commercial use in West Germany (151) 35

Phosphate Fertilizers
Cadmium no problem in the EEC (149) 40
From shortage to glut: P_2O_5 developments since 1962 (150) 17
Indian P_2O_5 strategies (148) 16
OCP in the late 1980s (152) 18
P_2O_5 production in the Pacific Rim (147) 25
Saudi Arabian and UAE P_2O_5 projects (152) 26
US P_2O_5 capacity rationalisation (148) 19

Phosphate and Potassic Fertilizers
Logistics in P and K markets (147) 8
NPK fertilizer production and potash recovery prospects (152) 30
The need for more effective marketing (150) 8
The next 25 years: issues facing P_2O_5 and K_2O producers (150) 22

Phosphate Rock
Dealing with mining wastes in the phosphate industry (151) 28
Production of phosphoric acid from Mazidagi concentrate (152) 32
Japan's counterplan for phosphate resources (149) 16
New flotation process used in Israel (147) 37
New Zealand interest in Peruvian phosphate rock (149) 18
Partial acidulation of phosphate rock (150) 48
The changing pattern of phosphate rock exploitation (150) 43
The Goiasfertil phosphate slurry pipeline (150) 39

Phosphate Rock and Potash
Transportation: the search for backhauls (148) 8

Phosphogypsum
Green light for phosphogypsum plant (149) 15

Phosphoric Acid
Developments and improvements to the UCEGO filter (147) 33
Evaporator design for phosphoric acid concentration (149) 33
Fluorine recovery in phosphoric acid plants (152) 36
Magnesium removal from phosphoric acid (148) 36
Prayon and Eimco co-operate on belt filter design (147) 40
Removing impurities from phosphoric acid (147) 30
The changing pattern of phosphate rock exploitation (150) 43

Potash
By-product orthoclase used as feedstock in Brazil (147) 39
Canada's drive for new export markets (149) 22
Canadian railway deregulation welcomed by potash shippers (149) 6
Consolidation at Arab Potash Co. (150) 24
Conveyor fastenings improve productivity at Carlsbad potash mine (149) 39
Dead Sea Works expansion (147) 27
Environmental considerations during potash production (148) 30
NPK fertilizer production and potash recovery prospects (152) 30
Twenty five years of potash (150) 36
Twenty five years of the Italian potash industry (150) 46
US potash review (148) 26
Western European potash review (147) 14

What factors will influence potash markets in the next 25 years? (150) 26
World potash review (152) 15

Potassium Sulphate
Will this niche market grow? (151) 16

COUNTRY INDEX

Belgium
Advantages in fertilizer production and marketing (152) 8
Prayon and Eimco co-operate on belt filter design (147) 40

Brazil
The Goaisfertil slurry pipeline (150) 39
By-product orthoclase used as potash feedstock (147) 39

Canada
Drive for new potash export markets (149) 22
Railway deregulation welcomed by potash shippers (149) 6

European Economic Community
Cadmium content no problem in phosphate fertilizers (149) 40
Curbs on phosphates (151) 22

India
Phosphate strategies (148) 16

Indonesia
Pacific Rim P_2O_5 production (147) 25

Israel
Dead Sea Works expansion (147) 27

Italy
Twenty five years of potash industry (150) 46

Japan
Counterplan for phosphate resources (149) 16

Jordan
Consolidation at Arab Potash Co. (150) 24

Morocco
OCP in the late 1980s (152) 18

New Zealand
Interest in Peruvian phosphates (149) 18

Peru
New Zealand interest in phosphate rock scheme (149) 18

Philippines
Pacific Rim P_2O_5 production (147) 25

Saudi Arabia
Phosphate fertilizer projects (152) 26

Turkey
Production of phosphoric acid from Mazidagi concentrate (152) 32

United Arab Emirates
Phosphoric acid project (152) 26

United States
Curbs on phosphates (151) 22
Green light for phosphogypsum plant (149) 15
Potash industry review (148) 26
P_2O_5 capacity rationalisation (148) 19

Western Europe
Curbs on phosphates (151) 22
Potash market review (147) 14

World
From shortage to glut: P_2O_5 developments since 1962 (150) 17
Logistics in P and K markets (147) 8
Potassium sulphate: will this niche market grow? (151) 16
The next 25 years: issues facing P_2O_5 and K_2O producers (150) 22
What factors will influence potash markets in the next 25 years? (150) 26
World potash review (152) 15
